Healthy Scott County: Health & Recovery Coalition

Sept. 22, 2016

Jene Bridgewater welcomed everyone and convened the meeting.

Transportation Roundtable Shannon Carroll led a discussion with Roland from Blue River Services regarding the “Route” developed by GHSC. After much discussion and explanation from Roland, we determined to end the route effective next week. Instead, we will all pledge to support and promote the “Ride on Demand” service available through SITS. This is essentially - door-to-door service. Riders must call the main number to schedule their ride. It is a first-come, first serve program. The cost is \$2 per each trip. A round trip is counted as two trips.

We also determined it would be good to visit with Roland again. He will come to our December meeting on Dec. 8. Appreciation was expressed to Roland for working with us throughout this process.

Transportation Strategic Plan It is now necessary to revise the strategic plan for the transportation section. We ran out of time at this meeting, so this will be taken up at the next GHSC meeting.

Next Steps (subject to change)

Oct. 13 & 27: Will begin to strategize for the three areas of: Housing, Job Training, and Transportation

Nov. 10 & Dec. 8: Determine Effective Evaluative Measurements that coincide with the rest of the strategic plan.

Upcoming Events, Announcements, Etc.
